

Angular back movement to
angular seat movement ratio=
4:1

Table showing basic measures which have no tolerances indicated. Allowed diviation for length measures, included measures for connected parts which are machined together, as inside and outside measures, projecting edges, diameter, width, height, thickness and center distances.

Basic measure in mm	0.5-6	6-30	30-120	120-1000	1000-3000	3000-5000	5000-
Allowed deviation in mm	±0.1	±0.2	±0.3	±0.5	±1.0	±1.5	±2.0

Toleranser for basicmål som ikke er direkte toleransesatt. Tillatte avvik for lengdemål (indre- måler, mål på sammensatte deler som bearbeides sammen som f.eks. innvendige mål, avstandsmål) for: avsatser, diameter, bredder, høyder, tykkelser og senteravstander.

Basicmål i mm	0.5-6	6-30	30-120	120-1000	1000-3000	3000-5000	5000-
Tillatte avvik i mm	±0.1	±0.2	±0.3	±0.5	±1.0	±1.5	±2.0
